

PADI Emergency Oxygen Care Speciality Course

Learn how to assist divers in need!

The PADI Emergency Oxygen Care Speciality Course enables you to administer high concentrations of Oxygen to divers who require it. You will learn to assess the scene, consider your safety and form an action plan as well as initiate diver rescue.

Includes:

- Emergency Oxygen Care Manual
- Pocket Mask
- Non Rebreather Mask
- The opportunity to learn how to administer Emergency Oxygen.
- Latex Gloves
- All instruction by a professional PADI Instructor

PADI Emergency Oxygen Care Speciality Course
Only \$155

Call Go Dive on (07) 3857 7255 for the next PADI
Emergency First Response course.
